

WebFile Header Record - This record includes your company name and company number. It also designates the immediate destination (LaSalle Bank N.A. or Standard Federal Bank) of the entries contained within the file. 1 Batch Header Record - This record indicates the effective entry date (the date you request the deposits/debits to be settled).

Linux Filesystem Hierarchy - Linux Documentation Project

Webthe filesystem). An inode contains all information about a file, except its name. The name is stored in the directory, together with the number of the inode. A directory entry consists of a filename and the number of the inode which represents the file. The inode contains the numbers of several data blocks, which are used to store the data in the file.
